

CRMP5 – Collapsin response mediated protein 5
 NMDAR – N-methyl-d-aspartate receptor
 AMPAR – Alpha-amino-3-hydroxy-5-methyl-4-isoxazolepropionic acid receptor
 GAD – Glutamic Acid Decarboxylase
 VGKC – Voltage gated potassium channel
 TTG – Tissue transglutaminase
 SLE – Systemic Lupus Erythematosus
 CNS – Central Nervous System
 SREAT – Steroid Responsive Encephalopathy with Autoimmune Thyroiditis
 LGI1 – Leucine-rich Glioma Inactivated 1
 CASPR2 – Contactin Associated Protein-like 2
