

Upper Limb entrapment neuropathy

suprascapular nerve syndrome

Quadrilateral space syndrome (Axillary nerve)

posterior interosseous nerve syndrome (radial nerve deep branch)

wartenberg's syndrome (superficial branch of radial nerve)

cubital tunnel syndrome (ulnar nerve entrapment at cubital fossa)

guyon's cannal syndrome (ulnar nerve entrapment at wrist)

pronator syndrome

Anterior interosseus nerve syndrome (kilon-evin Syndrome)

carpal tunnel syndrome

Lower Limb entrapment neuropathy

piriformis syndrome (sciatic nerve)

common peroneal nerve impingement at the level of fibular head

Tarsal tunnel syndrome (posterior tibial nerve)

soleal sling syndrome (proximal tibial nerve)

interdigital nerves compression at the level of second and third intermetatarsal spaces
